MAJOR PARTIES IGNORE LEMKE

Claim Union Group Will Not Have Material Effect on Election Outcome

LANDON SPEAKS THURSDAY

Will Accept Nomination by G O P While Roosevelt Sails Sea on Vacation

By The Associated Press

WASHINGTON, July 21.—Major party leaders in the midst of campaign preparations today professed to see no weakening of their party lines as a result of Rep. William Lemke's Union party presidential drive.

While President Roosevelt continued his sailor's vacation and his Republican opponent, Gov. Alf M. Landon of Kansas, completed his acceptance address and relaxed pending its delivery Thursday, their campaign leaders talked about prospects in the fall election.

Democratic Chairman James A. Farley described as "too foolish to be worthy of comment" a statement by Rev. Charles E. Coughlin that the Union party would elect a majority in the house.

Won't Lose Many

Rep. Joseph W. Martin, Jr., Republican campaign manager in the east, declared Landon would lose few votes to Lemke. An Union party effect in the east, he said would be to make the states doubly sure for us.

Completion of Landon's 3,500 word acceptance speech centered attention for the time being upon Topeka and the opening of the Republican "standard bearer's drive. While there was no definite word regarding the subject matter of the address, observers looked for emphasis on such problems as agriculture, relief, employment, finance, tariff, monopoly and the Constitution. The address will be delivered at 8 p. m. (7 p. m. Marion time) Thursday over a national hookup.

While Landon made ready for the address, Chairman John D. M. Hamilton remained in the east and the Baltimore Sun said he conferred yesterday in New York with former Gov. Alfred E. Smith, foe of the new deal.

Wants Smith To Talk

"Mr. Hamilton begged the New Yorker to join actively in the fight to defeat the reelection of President Roosevelt," said the Sun's copyright story. "The Republican leader wants Mr. Smith to take the stump for Gov. Landon as former Gov. Joseph B. Ely of Massachusetts has agreed to do.

The Sun story expressed the writer's belief, however, that Smith would make no speeches under the auspices of the Republican national committee, but might speak against Mr. Roosevelt.

In the capital last night the President was described as "a great human artist" by Senator Radcliffe, Democrat of Maryland.

Addressing the Democratic national women's council Radcliffe declared:

"Roosevelt stopped a depression and started the nation back to prosperity."

PROFIT SHOWN BY SHOVEL CO. FOR 6 MONTHS

Semi Annual Report Brings News of Business Rise at Marion Plant

RUNNING NEAR CAPACITY

1,350 Now on Payroll; Prospects for Next Six Months Called Encouraging

A profit of $[illegible] for the six months period ending June 30, 1936, overcame a $54,102.29 loss of the first three months of the year, earning a net profit of $45,615 in the last three months.

An official of the company said it is the first time in six years the semi-annual reports to stockholders have shown a profit from operations.

In commenting on the report, company officials said operations now are nearly even with 1,350 employed in the shop, office and field, adding that the force has stood at this level for the last two or three months.

Sources of Pickup

Increased operations have resulted, he said, from a general improvement in business conditions, part of the gain contributing to the plant's activity having come from the company's engaged in the extraction of basic materials such as ore mining and quarrying. Strip mining of coal, purchases by road and building contractors and a return of industrial concerns to the market for some types of heavy machinery manufactured here also has boosted business, he said.

At present the company has nearly completed one of the largest model road stripping shovels for use in southwestern Illinois.

Securities in Demand

The increase of operations and return of the company to the profit column have been accompanied by an increase in trading in the corporation's stocks and bonds. Marion Steam Shovel Co. bonds now are quoted on the New York stock exchange at around 85 to 87 and the common stock is on the curb exchange for around seven and one-quarter. Both of these quotations represent a substantial rise over those of a year ago.

In the semi-annual statement issued today J. H. Watters, president, pointed out the company has enjoyed much improved volume of business during the second quarter of 1936 and prospects for the last half of the current year are encouraging.

Await Tax Results

However, he qualified the prospects for the latter half of 1936 by stating: "It remains to be seen, however, what effect the federal revenue act of 1936 will have upon business in the larger sizes of our equipment, the purchase price of which has in the past been largely paid by our customers out of earnings produced by the machines sold. It was understood that taxes to be collected under the revenue act will cut into operating profits of concerns that have purchased equipment from the Marion company to an extent that may financing arrangements for purchase of some of the company's large sizes of shovels will have to be worked out before some of the business in sight for the next

START PRELIMINARY POSTOFFICE WORK

Temporary Platform and Chute To Be Used Pending New Addition

Work preliminary to building a $49,913 addition to the Marion postoffice and tax collection building was started today, Postmaster L. L. Lamborn reported.

Purpose of the addition, begun today, is to provide a temporary mailing platform and mail chute on the east side of the postoffice. When completed, the platform and chute will take the place of the present ramp on the west side of the building, which will be torn out to make way for the addition, Mr. Lamborn said.

Additional mail boxes, including those for parcel post, and a mail rack are to be temporarily relocated in the postoffice lobby. The chute will empty the mail from the platform into the postoffice basement.

Cost of the preliminary work will be between $400 and $500, Mr. Lamborn said. The building project proper will include construction of an addition in the rear and will convert the space now occupied by the loading and unloading ramp for trucks. The addition will be of the same material and architecture as the present building.

Contract for the addition has been awarded to the Gibbons-Graham Co., whose bid was the lowest of three submitted. Date for start of work on the addition has not been set.

REPEAL OF TAX ON FOOD FAILS

Bill To Ban Levy Virtually Dead as Session Nears End; Amendment Drive Spurred

DAVEY REPORTS SUCCESS

Republican Denounces Governor's Movement as Vote Getting Enterprise

By The Associated Press

COLUMBUS, O., July 21.—With talk of sine die adjournment receiving legislative leaders regarded the bill proposing repeal of the sales tax on food as virtually dead today.

Efforts to bring the bill to a vote in the house met unsuccessful opposition last night from passed Republicans and a smattering of Democrats. It would remove the three per cent levy from all food, clothing purchases up to $10, household furnishings and domestic fuel.

Senate, the committee handling Gov. Martin L. Davey's proposal to put the question of a sunday constitutional amendment on the November ballot, reported silent success in obtaining the necessary 220,000 petitions. Under the proposed amendment, food would be exempted and no similar tax ever could be placed on it.

Labeled Vote Measure

Attacking the repeal measure as a vote getting movement by Gov. Davey who had started passage of a bill to repeal the tax on food used in the home, Republican Leader William M. McCulloch said the governor "has indicted out of his own mouth as a demagogue to pick up votes."

McCulloch quoted from a radio speech of March 30 in which Governor Davey accused his opponent for renomination, Rep. Stephen M. Young of Cleveland, of being a democrat for advocating repeal of the sales tax on food with "no offering of a substitute tax to make up for the revenue."

McCulloch declared that the bill as recommended for passage by the house taxation committee would result in an annual loss of revenues ignored in the $24,960,000.

Such a loss of revenues, McCulloch said, would knock the school foundation program "galaxy" in the deficit for this year to $8,725,000. It would cause a proportionate loss of many local governments.

CORN AGAIN JUMPS PERMISSIBLE LIMIT

Small Supply on Hand and News of Drouth Damage Brings Bullish Spurt.

By The Associated Press

CHICAGO, July 21 — Corn became the grain market leader today, and soared in some cases to four cents a bushel overnight gain, the extreme permissible limit.

A flurry on the part of previous speculative sellers of July corn was an outstanding feature, because of comparatively small supplies on hand and as a result of a renewal of unfavorable weather prospects. Iowa dispatches said the corn crop outlook was only about 50 per cent of what it was before damage was done by severe heat and drouth.

TURK TROOPERS AT HELLESPONT

Citizens Dance and Cheer Over Reoccupation of Straits After Treaty Signing.

By The Associated Press

ISTANBUL, Turkey, July 31.—Turkish fighting men, numbering 50,000, began moving into the zone around the Dardanelles early today, to the cheers and demonstrations of the populace of the area.

Foot soldiers and cavalrymen, accompanied by motorized artillery, advanced into the region, demilitarized since the Lausanne treaty of 1923 which followed Turkey's successful war with Greece. Reoccupation of both zones, five miles wide, was expected to be completed by midday.

Building, theatres in Turkey were overflowing in celebration of the remilitarization. Citizens paying tribute to what they considered President Kemal Ataturk's greatest international accomplishment, danced in the streets after listening to radio reports of the signing of the treaty at Montreux, Switzerland.

The government used wireless telegraph and even old-fashioned news riders to carry the word to all corners of Turkey.

The national assembly was convoked for July 30 to ratify the convention, adopt new regulations for the straits and vote additional appropriations for fortification of the region.

Ten nations gave final approval last night to a new Dardanelles convention permitting Turkish troops to enter the area surrounding the straits.

Japan, one of the signatories of the Lausanne treaty under which the zone was demilitarized, was the only nation to make reservations in signing the convention, reserving complete liberty of interpretation of an article in the convention concerning passage of warships engaged in punitive missions for the League of Nations or in carrying out regional pacts.

Observers interpreted the Japanese statement as meaning that, in the event of a Russo-Japanese war, Japan reserves the right to protest against the departure of a Russian fleet from the Black sea by authority of the league.

ARMY DRILL IN CCC SUGGESTED

V. F. W. Leader Says Training Needed for Defense and To Combat Pacifism.

By The Associated Press

MILWAUKEE, Aug. 31.—James J. Van Zandt, national commander of the Veterans of Foreign Wars, urged the adoption of universal military training for defense and to combat pacifism in an address prepared for delivery before the national convention of the organization here tonight.

He suggested that a commission ask President Roosevelt to "immediately place in effect" the universal service provisions of the national defense act of 1920 "with such modifications as may be deemed necessary to meet present day conditions."

Advocating an economic policy that bans goods of foreign countries against which the United States maintains discriminatory tariffs, Van Zandt urged immediate passage of legislation to prevent the importation of all goods produced by labor who advocate overthrow of the present form of government by force of arms.

He urged all "patriotic and loyal Americans" who advocate such overthrow

The convention opened today with a parade in honor of the induction of disabled veterans into CCC camps. Veterans were named to draw up plans for liberalization of laws providing aid to disabled veterans and their dependents and for preferred employment of such veterans in government service.

Marvin A. Harlan of El Paso, Tex., national commander of the D. A. V., told the convention that reemployment of "the dead or disabled was the most serious problem facing the organization."

He said the D. A. V. had enjoyed "one of its most fruitful years" and described it as stronger than at any time in its history.

The veterans gathered last night for memorial service at which Mme. Ernestine Schumann-Heink, who had sung in both sides of the western front in the World war, and the Milwaukee Elks' chorus sang.

The Stars Say—

For Wednesday, July 22

SUDDEN EVENTS and peculiar situations mark this day, according to the prevailing planetary influences. A journey, new contacts and interests and a somewhat radical turn of affairs are presaged, with intriguing, subtle or inexplicable circumstances to cope with.

Those whose birthdate it is are on the eve of a year of sudden and surprising adventures, with radical change, travel, new affiliations and interests probable. An element of the mysterious, intriguing and subtle accompanies these prospects, which, wisely handled, may bring desirable and profitable developments.

A child born on this day may have talents of an unusual order and may lean toward the romantic, mysterious and even visionary and Utopian. It may, with caution, be very successful in such adventures.

2 MUST DIE IN CHAIR FOR SLAYING CHILD

Man and Woman Sentenced for Killing Her Son in Love Affair

By The Associated Press

HOLLIDAYSBURG, Pa., July 21—Mrs. Margaret Karmendi, 42-year-old mother and Roy T. Lockard, a lather, were sentenced yesterday to die in the electric chair for killing the woman's three-year-old son.

The commonwealth charged the two carried on a love affair and disposed of the child because it interfered with their outings.

Mrs. Karmendi broke into tears after Judge D. Patrick Fleming pronounced sentence. She called out:

"I'm innocent."

Lockard only heard the sentence.

Matthew Sonny Karmendi, Jr., was slain the night of May 21 with a rattle, Lockard said.

The state claimed the two brought the child to a hospital and told attendants it had been hit by an automobile. An investigation led to the arrest. They were tried separately.

Lockard at the trial of Mrs. Karmendi took all the blame for killing Sonny but the jury convicted her of first degree murder and set the penalty at life. Under the law the governor fixes dates of executions.

Your Health

BY DR. R. S. COPELAND

Peritonitis

Peritonitis as its name indicates is an inflammation of the peritoneum. And the peritoneum is the thin glistening membrane lining the abdominal cavity and covering all portions of the intestines. When this structure is inflamed or infected it leads to a serious and sometimes fatal result.

Under normal circumstances the peritoneum is smooth, moist and shiny. This membrane absorbs water from the system. Indeed it has greater capacity for absorption than the stomach and intestines.

Each of the organs found within the abdominal cavity as I have said is covered by the peritoneum. This delicate membrane secretes a fluid which lubricates the parts permitting the various organs to move freely. It serves as a protective covering, breaking the force of blows and pressure.

Inflammation of the peritoneum usually occurs as a result of some infection or ulceration of the digestive tract. It may also follow a gunshot wound, perforation of the abdomen by some other accident or from a severe blow. It is most frequently caused by a ruptured appendix or from a diseased gall bladder.

As a rule the victim first complains of sudden pain in the abdomen. This is sharp and cutting, and may be so severe as to produce collapse. Occasionally the pain is mild in nature and at first may not be regarded as important.

As the inflammation progresses the victim attempts to keep the abdominal wall at rest. He avoids any movement because the pain is increased by the slightest motion. If he attempts to take liquids or solid food they are immediately vomited. High fever is usually present.

Peritonitis is a serious condition and in some cases unless surgical relief is possible the outcome is very poor. The operation if advised should never be delayed because the earlier it is done the greater are the chances of complete recovery. The doctor should be consulted if abdominal pain persists.

Sufferers from peritonitis usually mistake the pain and discomfort for some simple intestinal upset. For this reason they are apt to resort to the taking of a laxative. This increases the pain and discomfort. It aggravates the peritonitis and leads to serious complications.

SAY, THAT'S DEVIL'S ISLAND— IT'S UNEXPLORED AND IT CAN STAY THAT WAY FOR ALL I CARE
DEVIL'S ISLAND THAT JUST GOES WITH OUR DEVILED HAM AND DEVILED EGGS

WHY ARE YOU SO KEEN ABOUT MAC DOING THE EXPLORING?
